ROOT AND PARTY BACK IN CAPITOL

Will be Received at the White House Late This Afternoon.

(By Associated Press)
WASHINGTON, Aug. 8.—The American mission to Russia headed by Elihu Root, returned to Washington today to report to President Wilson on the result of its three months' trip to the world's newest democracy.

A delegation of government officials met the party at the railroad station. Major General Scott, chief of staff of the army who spent much time at the front, will report to Secretary Baker. The General was with the Russian army part of the time it was in retreat before the Germans and is expected to bring much valuable military information.

Arrangements were made at the White House for President Wilson to receive Mr. Root and all the members accompanying him at 4 o'clock this afternoon. Later Mr. Root will see Secretary Lansing.

It is expected that he will make a partial report at the conference today, but will make a fuller one later. Much, if not all of it, necessarily will be confidential.

BIG BLAST WAS ON IT'S GOOD BEHAVIOR

Hillside Was Blown Down But No Damage Was Done.

This morning at 7:30 o'clock there was a terrible shock and the whole side of a hill at Bell's Siding on the Fairmont and Mannington traction line was blasted away. So thorough were the preparations for the big blast that no damage whatever was done and traffic on the Mannington line was only delayed about ten minutes.

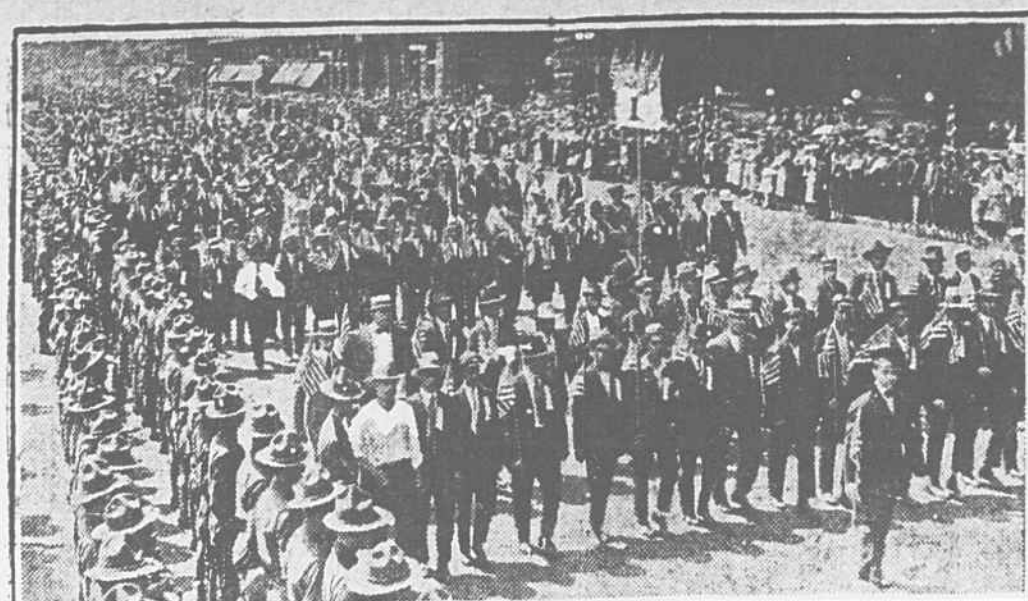

Guards were stationed at the scene of the blast with picks and shovels and as soon after the shot as possible, rushed to the scene and cleared away the track. While the men with picks and shovels were doing their part, electricians were busily engaged in connecting the transmission lines that had been disconnected and bent back to escape any damage. The interruption in the traction service lasted about ten minutes. Much credit is due Contractor Andrew Nicholich who was in charge of the big undertaking.

Draft Appeal Board Lays Down Rules

CLARKSBURG, W. Va., Aug. 8.—The draft board of appeals for the Northern district of West Virginia held a meeting today in the Federal building here where it had established permanent headquarters and adopted a set of rules and regulations governing the appeal in cases from local boards.

The board will not permit applicants to appear by attorney nor will it hear oral arguments or receive written briefs and the truth of all affidavits will be investigated if necessary. Attending the opening meeting were Ira Robinson, of Grafton, chairman; W. M. Rogers, of Fairmont; J. D. Huyett, Dr. W. J. Davidson, of Parkersburg; A. W. Paul, of Wheeling, secretary of the board, is unable to be present owing to illness.

HERE'S THE FIRST MARCH OF UNCLE SAM'S NEW NATIONAL ARMY!

Feet that will tramp the fields of France tramped the city's streets yesterday in the first of many marches—the parade of part of Chicago's quota in the national selective service army. Without uniforms as yet they nevertheless start the flag on its long journey toward the Rhine.

SERUM TREATMENT COMPLETE SUCCESS

No New Cases of Infantile Paralysis Reported at Monongah.

There are no new cases of poliomyelitis in Monongah today. Dr. Noe reported this afternoon that the two children who had been given the serum are still progressing nicely and there is every reason to believe now that they will be paralyzed.

The two children who were given serum to save their lives are also doing nicely and each day there is a noticeable improvement. There has been a remarkable improvement in little Gypsy Bogness, who was brought to the hospital from White Rock.

Among the out of town visitors at the hospital yesterday was Dr. Collins, of Grant Town.

Miss Jackson, one of the Welfare nurses at the hospital from Jenkins, Ky., has been called home. Miss Bean, of Roberts, Ky., another Welfare nurse in the employment of the Consolidation Coal company, is now at the hospital to take her place.

Traction Men Here To Discuss Wages

At the invitation of the officials of the Monongahela Valley Traction Company, Superintendent F. E. Wilson, F. E. Rye, F. Waggoner, of Parkersburg; Superintendent George T. Mann, A. R. Davis, and F. A. Reeves of Marietta, were in the city today to confer with the officials of that company concerning the manner in which the local traction conditions are managed and also to discuss the matter of an increase in wages in Marietta and Parkersburg.

The party arrived in the city last night and registered at The Fairmont. Early this morning they went out on an inspection trip with the officials of the local company and this afternoon they were in conference.

The Monongahela Valley Traction Company recently took over the street car system in Marietta and Parkersburg. Although there is no street car employees union in those cities it is understood that a demand for higher wages has been made in those cities. It was for the purpose of discussing this situation as well as learning the local management of affairs that the party was invited here. They will leave or their respective cities sometime tomorrow.

TOO EASY.
Oh, music once made some demand
On practice and on pow'r;
But now they pull a lever, and
They split it by the hour.

FRANCE SENDS M. D.

Col. Derle of the French medical staff has been sent here with other specialists to take part in the deliberations of the council of national defense and advise United States army men for organization of the army based on French and English experience.

A DIG AT CONGRESS.
CONGRESS LAKE, O.—Residents at this place are going to petition for a change in the name of their post-office. "We find," said the chairman

of the protest committee, "that congress is becoming synonymous with delay and shiftiness, and maybe even worse. We think some congressman should be thrown into the lake, but not our lake. It still has a good reputation."

CHILD QUARANTINE ON AT FAIRVIEW

Case of Infantile Paralysis Has Developed in That Town.

Dr. Peter Noe, Jr., of the Children's hospital at Traction park, County Health Officer Dr. L. N. Yost, C. R. Weirich of the State Health Commission went to Fairview yesterday at the request of Dr. J. W. P. Jarvis, of Fairview to visit a suspected case of poliomyelitis in that town. The case was visited and found to be a pronounced case of the malady.

At once County Health Officer Yost informed the Traction company and the following quarantine was issued effective today:

To all Motormen and Conductors on the Fairmont and Fairview Division: The county health officer has notified us that infantile paralysis exists in the town of Fairview and until further notice we are not to receive or transport any children under sixteen years of age from Fairview or Basnettville. Please be governed accordingly.

E. B. MOORE, General Manager.

The case at Fairview is little Lillian Rinehart, aged eleven months. The Fairview physician and the health officers are doing all in their power to check the further spread of the malady in that section.

FRIEND OR FOE?

BY BIDDY BYE.
Does baby want a "good" bottle? Baby does, for out of his bottle, come all the "good" things that he knows—milk, water, prune juice, orange juice, and sometimes soup. Baby knows his bottle for his best friend, but often he ought to regard it with suspicion. It may prove his worst enemy. From it he may get summer complaint, colic, hicough, dysentery or typhoid fever. Baby should have as many nursing bottles as feed bottles. As soon as baby has finished nursing, the bottle should be rinsed several times with cold water, and left standing filled with cold water until before using.

all the bottles for one day's feeding have been used. Then they should be scrubbed with hot soapuds, using a bottle brush on every part of the inside. After a thorough rinsing in several waters, they should be put into a large clean kettle over the fire and boiled for 15 minutes. Nipples require special care. Immediately after using remove the nipple from the bottle and rinse with cold or warm water. Rub the outside with a little common salt to remove the milk, turn the nipple inside out, rinse and rub with salt; rinse in a dry glass jar which has been boiled and screw the cover on tight. Set in a dark closet and rinse in boiled water just before using.

Banner Corn Crop Is Now on Its Way

WASHINGTON, Aug. 8.—The largest crop of corn ever grown in the United States is in prospect for the coming harvest. The Department of Agriculture August crop report issued today showed crop prospects improved in July indicating a total reduction of 3,191,000,000 bushels. Wheat however, shows a decrease of 45 million bushels. Spring wheat had a bad month and prospects decreased 40 million bushels, but winter wheat returns indicated 15 million bushels more than forecast in July. Wheat production winter wheat and spring wheat combined now is forecast at 653,200,000.

SHE TALKS SUFFRAGE UNDER THE BIG TOP

"La-a-dies a-and gentle-men-n! Aftah the main performance." What? Not a wild west show by the most famous cowgirl in captivity—but a speech on woman suffrage by Mrs. J. S. Greve, votes-for-women orator. A circus manager tried it out in Machias, Me., and it held the crowd so well he asked the woman orator to repeat in Bangor. Suffragists now plan to use the big circus tent at every opportunity.
